COMMENTS: This is the UNITED States - this draft
MOU leans towards Communism!

After 12 yrs using Premarin & Provera & suffering
many symptoms that I was then unaware were
caused by hormones not matched to the human
body, Then I discovered that Madison Pharmacy
in Madison, Wisconsin could compound a
"natural" 17-beta estradiol & micronized
progesterone to the exact dose that saliva
testing of levels in the body indicate. They can
compound it in a rice base, since I am
gluten & lactose intolerant. They provide C8TC
consultation with their pharmacists & nurses.
I have used them for almost 1-1/2 years and
have much improvement in my quality of life.

Please fold, seal, and mail by March 13

The local pharmacies & drug companies cannot
provide these compounded formulas. I also cannot
use the estradiol patches due to allergy to adhesive
